

MAFCA PROGRAMS

March 8 - Membership and Marketing Director [Mike Kelly](#) has summarized some of the current programs MAFCA has for members and chapters.

Ambassador Program: Identification of a member from each chapter with the enthusiasm and a willingness to help recruit members for their chapter, as well as MAFCA. To date, we have 120 ambassadors identified, with a goal of having one ambassador identified from each chapter.

Blue Oval Program: Recognition of those that have, through their efforts, brought new members into MAFCA. Not only will they receive a Blue Oval Sticker for the inside of their window, they will be entered into the bimonthly Blue Oval drawing for a \$50 credit at the MAFCA store. For more information, [click here](#).

Free Membership Program: Free membership to MAFCA for 2019 is offered to all Model A enthusiasts who have never been members of MAFCA. After reading the Restorer Magazine and seeing the benefits of membership, our belief is they will continue their membership in MAFCA.

Event Kits Program: Upon request, we will ship to a MAFCA chapter member an event kit that includes a 6 ft. table cloth, promotional posters, Restorer magazine, free membership forms and conversational starting files. This kit is intended to be used at various chapter events such as car shows, swap meets and special chapter outings.
