

PAPER DOLLS, ANYONE?

September 25 - One of our members is looking for information on the "Paper Doll Activity" for kids. Your webmaster vaguely recalls seeing something about it, but a search on the computer and in *the Restorer* Index comes up empty.

A shout out to **Sherry Winkinhofer**, editor of A-World magazine, came up with the answer. "*Design Your Own Model A Ford*" by William G. Narum. There are still a few copies for sale on Amazon.com and eBay.

Thanks Sherry!
