

FINDING ARTICLES IN THE RESTORER MAGAZINE

A member recently asked about installing seat belts in his Model A, and although this question has been asked and answered in **The Restorer** magazine over the years, members have a tough time finding the articles. That goes for ANY article that's appeared in the nearly 70 years of **The Restorer** Publication.

There's a good resource here on the website for finding those articles. It's called RINDEX - the Restorer Index. You'll find a link to it on the REFERENCES | DOWNLOADS page.
