

Biography for Al Glen

I have always had a passion for Model A's . I am not sure if it's the sound of them idling, or the body style of the car- probably both.

In 1960, my brother and I acquired a 1928 Special Coupe from a neighbor. At the time we, were dirt farmers in Southern Saskatchewan and had no money, so he gave us the car in return for working on his farm. The car is now in a museum in Moose Jaw Saskatchewan.

It was not until 1989 that my wife and I bought a 1931 Sport Coupe. At that time, we also joined the Pacific Model A Club, and several years later I was a founding member of the Lions Gate Model A Club. I served as Technical Director and Vice President.

Along with Carl Becker, I was a founding member of the Canadian Model A Ford Foundation. I have been judging since 1998, and I am now a Senior Judge.

I am currently building a 76 B open cab pick-up and recently acquired a 68B Cabriolet. I continue to learn and share the wealth of knowledge and experience that I have gained over the years of enjoying Henry's A.
