March 12, 2007

A Message to all MAFCA Chapters, Regions, and Special Interest Groups

MAFCA is pleased to announce we have been successful in acquiring general liability insurance much sooner than expected. As a result of intense negotiations between MAFCA Directors and staff, and insurance companies, and underwriters, we have been able to secure a policy which we feel at this time, meets the needs of our overall membership.

This policy is retroactive to March 1, 2007 and is very much like our previous policy. However, MAFCA will not issue a certificate of insurance for high risk events such as hill climbs and timed speed events and these activities will no longer be included as normal MAFCA approved events. If your organization holds these types of activities you will need to obtain your own insurance. Approved MAFCA events such as, but not limited to, monthly meetings and tours will continue to be covered by the general liability insurance. There are other activities for which a club may not be issued a proof of insurance certificate by MAFCA. There will be more information about this after the May 5<sup>th</sup> MAFCA Board meeting where the revised MAFCA insurance policy will be finalized.

If you need a proof of insurance certificate for your event call the MAFCA office to obtain one. Please allow a minimum of 45 days to obtain the certificate. Because of the recent situation, exceptions may be made for those chapters who need a certificate immediately. Each request will be considered on an individual basis.

A reminder that this policy does not cover your personal automobile.

We thank you for your patience and understanding in this matter.

If you have questions please call or email the MAFCA office.

George Fontaine  
2007 MAFCA President
