

Biography of Chet Wojcik

I got interested in Model A's in the late 1960's when a friend found a Model A and I realized that this vehicle was something that anyone could work on.

I especially like original vehicles. I have a low mileage original 1931 soft top Victoria, a low mileage original 1930 Standard Coupe, a restored MARC of Excellence 1929 Tudor and a 1931 SW Deluxe Fordor which is an older California restoration.

I am qualified as a Master Judge. I have been judging at both MAFCA & MARC National Conventions since I became interested in what I consider an enjoyable family hobby. Being on the MAFCA JSC will only add to my knowledge of Model A vehicles.
