experience in....***

- **making new lifelong friends;**
- **touring the countryside;**
- **experiencing adventures;**
- **attending conventions, meets & socials.....**

MAFCA's MESSAGE :

MAFCA, The Model A Ford Club of America, consists of approximately 300 individual Chapters, representing over 15,000 families worldwide, who are dedicated to the restoration and enjoyment of Model A's..!

MAFCA, and the hundreds of Chapters, serve as a vehicle for the exchange of ideas, technical support & parts for hobbyists while assisting members in their efforts to restore and preserve their Model A's....!

WHY THE MODEL A FORD ?

The Model A Ford stands as the leading choice of antique auto enthusiasts. This interest is due in part to the fact that of the millions of Model A's that were originally

manufactured (between 1928-1931), after over 75 years, literally thousands are still on the road today providing reliable transportation and pleasure! Although it is getting increasingly difficult to find original or NOS (new old stock) replacement parts, the hobby has created a market for the manufacturing of reproduction, replacement parts, modeled to original blueprint standards & quality, in support of restoration requirements...!

WHERE IS THE "FUN" ..?

In the variety of Social Functions, Special Events, Tours and Conventions that attract members from virtually every State & Country...and every walk of life..!

Lifelong "friends" are created.

Equally rewarding is sharing the enjoyment of your Model A in educating the public to a "by-gone era" of transportation..!

A rapidly growing aspect of the hobby is in replicating "era fashions" further complimenting the cars and adding a dimension of "fun" and realism to the Events & Tours.

Wherever you go ,... you will definitely attract attention..!

WHO JOINS MAFCA/CHAPTERS ?

From Doctors & Lawyers...Teachers to Postal Workers...all walks of life. You really don't even have to be "mechanically" inclined, for there is always assistance with mechanical issues..!

MAFCA membership also includes a subscription to the world renowned "The Restorer" magazine.

HOW EXPENSIVE IS IT TO OWN A MODEL A.... ?

Depending on the particular body style of "Model A" that you are interested in, the average Model A is well within the financial reach of virtually everybodyno greater expense than buying a used car.....!

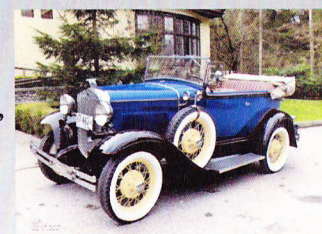

The condition of the "Model A" will ultimately determine the price tag...!

The challenge of restoring a "project" basket case initially might cost a few

hundred dollars. For those less adventurous, a good, mechanically sound "driver", that you can jump in and enjoy today, will range from \$8,000 - \$20,000 !

The value in joining the Model A Ford Club of America (MAFCA), and a local Chapter, is that you will benefit from assistance in finding the "right Model A" for you and your family..!
