

2012 Candidates for MAFCA Board of Directors

Model A Ford Club of America

Term of Office 2013-2014

Dan Foulk

Bakersfield, California

For two years, it has been my privilege to serve MAFCA as Vice-President. It is the Vice-President's task to solicit, coordinate and oversee National Conventions, banquets and tours. During my tenure as Vice-President, contracts have been signed for five future events and more are pending. There is much to learn about bringing a National event to fruition. Continuity in this position is a huge benefit for MAFCA and the hosting club. I enjoy the activities required to put on events of this type. Recently, I chaired a regional event for my home club and it was very successful. I would like to continue to bring my experience to the table. During my term, I also served as Web Liaison and Calendar Coordinator. I would appreciate your vote so I can continue to bring the experience learned in the past two years to the next two years.

Jim Cannon

Houston, Texas

Growing up in Miami, my Dad bought our first Model A when I was 14. I still own that car. I worked on so many A's as a kid that I knew every bolt and nut by heart. I now live in Houston, Texas, where I'm an engineering manager. As a member of the Greater Houston chapter, I've served as President, Vice-President and Director, and chaired other committees. I brought skills and talents from my professional career to those jobs, such as organization and ease of public speaking. I was told I kept the club "fun." I want to be a director because I want to help ensure "fun" at a national level. I have ideas to expand our membership base, to ensure the Club remains strong. Through new media, I have ideas to encourage young people to join us, as I was encouraged when I was 14.

Trudy Vestal

Placerville, California

An active and involved member of the Model A hobby since 1984, I have served at the local, regional and national levels. A Master Fashion Judge, I became a member of the Era Fashion Committee; serving as Chairperson for three and a half years. I was project coordinator of the committee that produced "A Book of Fashion Facts" in 2006 and worked with the Era Fashion Committee on the complete revision of the MAFCA Fashion Guidelines. My business experience is with the telephone company for 18 years, five as a manager and another 18 years as administrative secretary at our local high school. This work experience, combined with my involvement with MAFCA on a national level, gives me the knowledge and skills to be a productive member of the MAFCA board. I would appreciate your vote and the opportunity to serve MAFCA as a director.

Vaughn Cille Weidner

Yukon, Oklahoma

I have had the honor of serving on the MAFCA Board of Directors as Secretary for the past two years and also from 2002 through 2005. My many years of Executive Secretarial experience have given me the knowledge to assist the Board in business and records keeping and I have contributed to the many important decisions that were made at each Board meeting. I have been a member of the Sooner Model A Club in Oklahoma City, Oklahoma, since 1991 and have served as President three years and several other positions on their board. I would consider it an honor to be elected to serve on the MAFCA Board again in 2013-2014. I enjoy the challenge of serving and would like to return for another two years as a Director.

Charles I. (Chuck) Cheshire

Dallas, Texas

I fell in love with the Model A Ford and my wife in 1964, our senior year in high school. Two years later when I married my high school sweetheart, she told me the story of her father going to Detroit in 1929 and working at Briggs Manufacturing stamping dash panels for Model A's. It was a perfect match in marriage and in cars. I surprised Nancy in 1995 with a 1931 Coupe purchased at a swap meet. I have been in love with the hobby, my club, and my wife ever since. We now have two Model A's and my grandson and I are building a third. My son drives the Coupe, my grandson drives the Fordor. I want to be proactive in encouraging youth into our hobby and want the Model A Ford to live on in them!

Douglas Linden

Southborough, Massachusetts

It has been an honor to serve as MAFCA's Publications Director for the past two years. I have been active in our local chapter, the Minuteman Model A Club, for 40 years and have held all officer positions, including editor of its award-winning newsletter for seven years. I served as Co-Chairman of the 1988 MAFCA National Meet in Sturbridge, Massachusetts, and Co-Chairman of the 2001 New England Meet. I am active in the Massachusetts Association of Auto Clubs, our state legislative watch dog organization, where I currently serve as Treasurer. I retired from an international communications equipment manufacturer after 32 years service, where I held management positions within the Engineering, Research and Marketing organizations. My wife, Nan, and I enjoy attending National Conventions and visiting with friends from near and far. I would appreciate your vote for a second term on the MAFCA Board of Directors.
