

Announcing MAFCA's Incoming Directors for 2018-2019

Garth Shreading, 2017 Nominating Committee Chairman

Each year MAFCA has openings to its Board of Directors. In odd years four director positions become available and five in even years. Because we had an equal number of candidates as we did vacancies, per our bylaws, there is no need for an election. The following people will begin serving you for the 2018-2019 term. Congratulations and thank you for your willingness to serve us.

We wish to thank our nominating committee for their work:

Lois Przywitowski, Colorado; Sherry Winkinhofer, Missouri; Dan Foulk, California and Lou Zadra, Massachusetts

Douglas Clayton, Manteca, California

For the past two years, I have served as MAFCA's Publications Director. In that time, the club has produced Revision 4 to the Restoration Guidelines, two new books and released an online edition of *The Restorer*. This has been a learning experience and I wish to put that experience to work by continuing on the Board of Directors. Model A Fords

have been a way of life since I bought my first one and joined MAFCA in 1966. As members of Delta A's, our family enjoys the many social and tour functions found in MAFCA Chapters. It is important that the club continue to be inclusive of all aspects of Model A'ing – touring, restoring, fashions, gymkhanas, swap meets, and judging. I have served as: Judging Standards Committee Member : 1986-1990, 2003-2015, Chairman 2004 – 2015, Senior Advisor 1990 – 1996, Chief Judge: 1990. Organizer, Editor and one of the authors *Model A Ford Paint and Finish Guide*. Bill Reeder Literary Award: 1986. Life Member: 2010.

Dan Foulk, Bakersfield, California

It was my pleasure to serve on the MAFCA Board of Directors for four years from 2011 thru 2014, serving as MAFCA President in 2014. I have also served my local club in Bakersfield as Newsletter Editor, past Club President, and Board of Directors member since 2003. I was the chair of the CCRG Bakersfield Jamboree in 2012, and am doing

so again for the 2020 Jamboree. I purchased my trademark Model A, a 1928 Roadster Pickup, "Hank," in 1996, and my wife Shelby and I have spent many happy miles touring our beautiful country in him since then. My life's work was in the Information Technology industry, and I bring a unique skill to MAFCA, that being Business Recovery Planning in the event of a major business outage. I look forward to again serving on the MAFCA Board for the 2018-2019 years.

Alex Janke, Concord, California

I have been honored to serve on MAFCA's Board of Directors as President and currently as Treasurer. Our local chapter, the Diablo A's elected me president twice and technical coordinator for seven years. I am a master judge and have presented technical seminars at local, regional and national levels. I have authored a number of

articles for *The Restorer* and appear on a number of the Diablo A's technical DVDs. I served as a Regular Army Officer for 22 years retiring as a Lieutenant Colonel. I then became an HR manager with a large utility overseeing payroll, benefits, retirement, and other HR systems. A former pension fund trustee, I understand finance and business. My wife, Ruth and I live in Concord, California. We own three Model A's and tour with them regularly.

Douglas Linden, Southborough, Massachusetts

Doug has been an active member of MAFCA and the Minuteman Chapter for 45 years. He co-chaired the 1988 MAFCA Convention (Sturbridge) and the 2001 New England Regional Meet. Doug also served 4 years (2011-2014) on the MAFCA Board as Publication Director, and was grateful

for the opportunity to assist in the operation and guidance of MAFCA. Doug has held all officer positions in the Minuteman Chapter, including editor of its award-winning newsletter. He is active in four other Model A Clubs and serves as Treasurer of the Massachusetts Association of Auto Clubs, a state legislative watchdog organization. He retired from an international communications equipment manufacturer after 32 years, holding management positions within the Engineering, Research and Marketing organizations. Doug and his wife Nan, enjoy attending National Conventions and Awards Banquets and visiting with Model A friends near and far.

The above Directors join these incumbent Directors forming our 2018 MAFCA Board of Directors. – Congratulations!
