

# Patti Jones, Chief Era Fashions Judge 2022 Kerrville

I have been a MAFCA member for over 50 years and been involved with every MAFCA era fashion guidelines published since the 1970's.

Throughout the years, I have given numerous fashion seminars and am a Master Fashion Judge.

I served on the MAFCA Board for 6 years, and as a senior car judge, I also served on the Judging Standards Committee. I helped write and edit the Modified Class for car judging, and helped produce MAFCA's first paint chip book.

I own 3 Model A's

At right is my 1931 Slant Window modified sedan that has an original Miller engine, Borg Warner O/D, Kelsey Hayes wheels, etc. that I used to show at MAFCA events.

My second car is a Coupe, owned by my mother. She bought the car back in 1964 and I learned to drive in it, as did my daughter Jennifer.

Lastly, I hope to get this on the road in 2022, an A speedster, with the help of fellow member Bill Vogelsang. I've been collecting parts for over 30 years.

It has a Kiwi quick change, 4 speed tranny, original "balloon" tire rims, and an original "Chrysler" head. It may not be fast, but hopefully sexy looking.
